A white Express Air Cargo aircraft is parked on a tarmac under a blue sky with scattered clouds. The aircraft features the company logo and name in red and black, and the slogan 'we cargo Africa' in a handwritten-style font. The tail fin has a distinctive black and white striped pattern. The registration number 'D-737-300' is visible on the rear fuselage. In the background, other aircraft and ground service equipment are partially visible.

EXPRESS AIR CARGO

Express Air Cargo is the unique airline company which will be efficiently linking 51 North and Western African countries to the main European cities within few hours. It opens your business to a new world of possibilities with greater speed and efficiency thanks to its geographical location.

Among its first destinations we count: Paris, Köln, and Malta. The network will be extended to reach the Sub-Sahara and Central Africa.

Express Air Cargo's major aim is to deliver quality services and strengthen the customer experience by providing different offers: flexibility in loading heavy cargo, live animals, time sensitive and any type of cargo which requires special handling or care. It facilitates also the Import-Export operations with respect to time constraints.

Express Air Cargo is committed to satisfy requested demands and to offer the best solutions mainly for emergency cases via using our air bridge linking Europe to Africa, simply because *we cargo Africa*
